## Tips For Moving In Your Unit

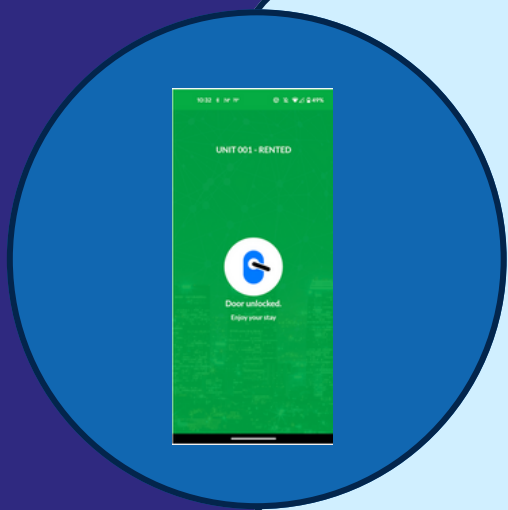

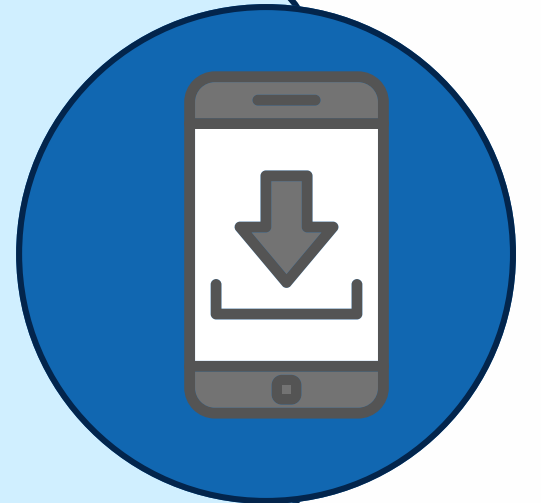

### Welcome to Your Keys Email

Once you have completed the rental process, you will receive a welcome email containing information about facility access, including your front door access code.

### DirectKey Smart Facility Unit Access

Next, you will be provided with instructions and access to the Bluetooth Smart Lock DirectKey app. Your unit is secured with the Onity Passport Smart Lock, which incorporates this cutting-edge technology to ensure the utmost safety and security for your belongings.

### Download DirectKey App

To ensure that you can access your unit immediately upon arrival, please download the DirectKey app and set up your access prior to arriving at the facility.

### Drive to E-Z Storage TX

Tap into the E-Z Storage TX app to kick off your move-in. When you arrive, punch in the code for the front door's keypad, and voila! You are ready for your move-in.

### Move Into Your Unit

Time to put your DirectKey app to work! Locate the Unit number noted in the "Welcome to Your Keys" email and store your cherished items inside. Once everything's settled, slide the lock to your unit to ensure it is locked. You can relax knowing that your cherished items are now safe and sound.
